

7 Ultratec

Why does your nominee deserve recognition as a Wisconsin Job Hero?

Ultratec hires and champions employees from many different backgrounds and abilities. They hire many adults with developmental disabilities and find jobs that meet their abilities and adjust and modify tasks to meet individuals needs .When an individual expresses interest in trying a new tasks Ultratec goes out of their way to help them be successful. Each year they throw individual birthday parties for the adults with disabilities they employ, each party is tailored to the individuals interests. They not only care about employees at work but also care about them outside of work. Managers from Ultratec have joined meetings with social workers, job coaches, and families to share their employees successes and offer to help individuals meet other goals at work.

How have your nominee’s efforts made a difference in their organization, and in the lives of their employees?

Showing they value individuals with developmental disabilities has made non-disabled employees become champions for other individuals with disabilities. The individuals that work at Ultratec care proud of the work that they. I have seen family member of the adults with disabilities cry tears of joy when they learn of the new tasks that their family members are doing; things they never dreamed their families member could do but Ultratec gives them the chance to do it and makes modifications to make it possible.

Is there a specific incident or turning point that motivated your nominee to hire disadvantaged candidates?

Ultratec was approached by a local high school about hiring an individual with a developmental disability. Ultratec hired two individuals. They then hired two more individuals. They now have at least twelve individuals with developmental disabilities on their payroll.

Is there anything else that makes your nominee exceptional or unique?
